Team members absent: None

What went well:

- PA2 was completed on time
- Everyone at the meeting is on time and the meeting moves quickly
- The workload distribution is reasonable and each member's capacity is appropriate
- Decide programming language which is used in this project
    - Back-end: Python
    - Front-end: HTML, CSS, JavaScript
    - Database: SQL

What to improve in the next Sprint:

- Training objectives for Web-coding classes need to be included so that everyone can grasp the fundamentals before moving to official coding.

What we study from this Sprint:

- Know how to do teamwork and how to do it online on Google Docs
- Know the Use-Case model and the specifications, therefore, we can base on these specifications to create features.

Summary of the meeting:

- Review what we did well, what we need to improve in next Sprint and what we achieve when doing this Sprint
- Check all documents in this Sprint and submit them to Moodle
- Prepare for Planning Meeting in Sprint 3
